DIDSBURY, ALBERTA, WEDNESDAY, JUNE 1st, 1910.

No. 22

## Boys' Well Made CLOTHING

A whole lot might be said about the splendid way Lion Brand Clothing is made, the service, the durability, the style. It keeps getting better and becoming very popular with the boys, while the price is not one cent higher than any other make.

**The Lion Brand  
Two-Piece  
Double Breasted  
Sack**

**The Long Lapel      The Padded Shoulder  
The Double Elbows**

We have stocked a bigger assortment this season and selling at the popular prices.

BOYS, if you want the best made, best fitting, the newest cut, and the most cleverly finished Boys' Suits, Come in and see our new stock.

A SQUARE DEAL TO EVERY BOY

**J. V. Berscht**  
BOYS' CLOTHING A SPECIALTY

## You Need a Pair of Overalls

That will not only wear well but will save you money by the wear you receive from them. We carry the famous

### Carhartt Overall

Manufactured in Detroit, known as the best of its kind, REMEMBER this is a woven garment, not printed on the outside. We also carry a number of other good lines. We have a supply of

### Boys' Clothing

which we will clear out at a big reduction for the next two weeks.

Maple Leaf Flour Mills before the fire.

## Maple Leaf Flour Mills Totally Destroyed by Fire

**Loss Estimated at \$75,000**

On Friday morning last Didsbury suffered by the worst fire that has ever occurred in the town or district when the Maple Leaf Flour mills and the two elevators, chop house, store house, driving sheds and office was completely destroyed by fire.

The origin of the fire is unknown but it started at the bottom of the southeast elevator and before enough help or the fire brigade could reach the mills the flames were shooting out of the top of the elevator. Mr. Weber places the loss at about \$75,000, which is partly covered by insurance. A lot of grain was stored in the elevators but this was all insured. Arrangements will be made as soon as possible to rebuild the mills.

The Maple Leaf Flour Mills were erected in 1907 and were built for a capacity of 100 barrels of flour a day which was realized last year by the addition of a large number of new machines and which has been kept up ever since. At the time the mills were built a 35,000 bushel elevator was added and just a few months ago another elevator of the same capacity and a large drive shed were erected, these together with the mills making one of the best flour milling plants in the province. All of the buildings were equipped with the latest milling and elevator machinery.

The fire was first discovered by Mr. Walter Mozer at about 4:45 on Friday morning underneath the southeast elevator, which was the last one to be built, and he was soon joined by Mr. Henry Roeth, who saw the fire from his home, and both worked hard to quench the fire but realized that it was impossible for them to do so. The two of them started at once to give the alarm but as the mills are some little distance from town, and the telephone was not in service at that time in the morning, considerable time was lost before a sufficient number of people were on the grounds to assist in putting the fire out, and by the time enough arrived with the fire brigade and the chemical engines flames were coming out of the top of the elevator at a furious rate. All efforts were directed to saving the mill proper but it was eventually seen that the whole of the buildings were doomed to destruction by the fire and all efforts were then directed towards saving Mr. Weber's residence, southwest of the mill, and F. E. Martin's residence, northwest of the mill. Both buildings are some distance from the mill but the heat was so intense that had it not been for the strenuous efforts of the fire brigade and the splendid work done by the chemical engines those two would have been destroyed. Messrs. Apps, Wood and Milton Sloyer, who had charge of the chemical engines, are especially to be commended for their splendid work as are also the young fellows of the town generally.

There was not much wind at the time, which was blowing from the northwest, which was a good thing as some of the burning debris might have caused considerable damage. As it was a lot of manure about 500 yards from the buildings was set on fire and burning cinders were found in the cemetery, a still greater distance away.

The fire field was not long in demolishing what was one of the best assets the district possessed. From the time the fire started until the whole of the plant was destroyed was about two hours and a half.

Several sacks of flour were saved

(Continued on Page 8.)

Maple Leaf Flour Mills during fire.

## UNION BANK

OF CANADA  
ESTABLISHED 1865

Total Assets Oct. 30, 1909, over \$44,000,000

**Within Ten Years**

you are sure, at some time, to either want or need a few hundred dollars in cash.

If things go wrong you'll need it—if they go right you'll want it to take advantage of some of the financial opportunities that come your way.

Could you lay your hand on a few hundred today?

The surest way to prepare for that need or want—is to open a Savings Account at once in this bank, and to add to it as often and as regularly as you can. We will add interest at highest current rates. Savings Department at every branch.

## Death of Mr. Isaac Snyder

Another of the old timers passed  
away on Sunday night when Mr. Isaac  
Snyder died of heart disease, from  
which he had been ailing for some  
time, at the age of 60 years and two  
months. Mr. Snyder was well known  
in both the Didsbury and Carstairs  
districts and leaves a large circle of  
relatives and friends to mourn his de-  
cease. The funeral took place at the  
West Zion Mennonite church, Water-  
ton district, on Tuesday and was very  
largely attended.

Mr. Snyder came here eleven years  
ago with his family from Berlin, Ont.  
Besides one brother, Mr. Levi Snyder,  
who lives in Didsbury, another brother  
lives in the States. Four sons and  
two daughters mourn his loss and all  
live in the Didsbury district. Messrs.  
Pira, Samuel, Moses and Isaac Snyder  
are the sons of deceased and Mrs.  
Allan Good and Mrs. Simeon Good  
are the daughters. The sympathy of  
the district are extended to the rela-  
tives in their loss.

## Big Prizes

The acre yield competition at the  
Alberta Provincial Exhibition to be  
held at Calgary June 30th to July 7th  
is a new idea for an exhibition. The  
following prizes are offered:

Winter wheat... \$100 \$50 \$25 \$15 \$10 \$5  
Spring wheat... 100 50 25 15 10 5  
Oats... 100 50 25 15 10 5  
Barley... 75 40 25 15 10 5  
Flax... 60 35 20 10 5

The average amount of grain grown  
on an acre must be shown, and will be  
judged 60 per cent. for quality, 20  
per cent. for purity, 15 per cent. for  
quantity, 5 per cent. for acreage. The  
exhibition company pays all the freight  
charges on exhibits originating in Al-  
berta. It is not likely that anyone in  
the province has seen the quantity of  
grain grown on an acre in a pile by  
itself, and the reader will realize what  
a great interest will be taken in a  
building where probably 50 to 100 such  
exhibits will be on view from all over  
the province. Some districts are tak-  
ing a particular interest in this feature  
as in the case of Lloydminster Agri-  
cultural Society who have already  
secured six exhibits for their district.  
The other features of the exhibition  
promise to be of more than ordinary  
interest, and the excellent music and  
attractions, low rates and special  
trains will undoubtedly make the at-  
tendance the largest yet. The entries  
close on the 15th of June.

## Rutherford Resigns

Premier Rutherford and his cabinet  
resigned from the Alberta Legislature  
on Thursday last and Chief Justice  
Sifton was sworn in as Premier and  
President of the Council on the same  
day.

It is not known definitely who will  
get the vacant portfolios as the new  
Premier is taking no one into his con-  
fidence, having been given a free hand  
by the party in power to choose whom  
he likes. It seems certain that Judge  
Mitchell and A. McLean of Leth-  
bridge will be two of the new minis-  
ters with a possibility of Duncan Mar-  
shall making a third.

A young mother chanced to occupy  
a seat in front of us on a train last  
week, when an amusing incident oc-  
curred. She was vainly endeavoring  
to quiet her youngster who was appar-  
ently about two years old. The young-  
ster had gormandized vast quanti-  
ties of fruits, nuts, etc., and seemed to  
be in great misery and positively re-  
fused to be comforted. Finally an old  
gentleman who was sitting beside the  
distressed mother, and whom we took  
to be her father, remarked: "Jenny,  
I'd larrup that kid." "Oh, I hate to

Terms—\$1,000 cash, \$2,000 within 60 days of date of sale; balance on easy terms or crop payments. The above land is choice farm land on which there is a first-class spring. This land is in first-class district, 1 1/2 miles from coal mine, 7 miles from C. P. R. R. Alex. Hubbard, proprietor, C. B. Southam, auctioneer.

**PIONEER ADS. PAY**

The leading secret societies of our country continue to increase in membership. There is something in a secret organization that strongly appeals to a married man.

## Two Years Sickness In the Average Life

Much of this is avoided when the blood is kept rich with DR. CHASE'S NERVE FOOD.

It is said that the average man of woman who reaches seventy years of age has had two years of sickness or ten days for each year.

Today medical experts are studying how to avoid this and the general opinion seems to be that every effort should be used to keep the blood rich and healthy by using such treatment as Dr. Chase's Nerve Food.

There are always plenty of indications to warn you when the blood is getting weak and watery and the nerves exhausted.

You are easily tired, both mentally and bodily, you feel down-hearted and discouraged, digestion fails you, you have headaches and become irritable and easily annoyed.

In this condition you easily contract colds, pneumonia or fever, of some kind and are not able to throw them off as you would if the blood were rich and the body in vigorous health.

### Showing Mercy

"Young gentlemen," announced the professor in English literature, "tomorrow I wish you to come to class to discuss this sentence from the work of Henry James."

"The entire sentence, professor?" groaned the class.

"Well, take it as far as the first semi-colon," Pittsburgh boy.

### SOFT, WHITE HANDS

May be Obtained in One Night

For preserving the hands as well as for preventing redness, roughness, and chapping and imparting that velvety softness much desired by women Cuticura Soap and assisted by Cuticura Ointment, is believed to be superior to all other skin soaps. For those who work in corrosive liquids, or at occupations which tend to injure the hands, it is invaluable.

One Night Treatment—Bathe and soak the hands on retiring in a strong, hot, creamy lather of Cuticura Soap. Dry and anoint freely with Cuticura Ointment. Wear during the night old gloves, to protect the clothing from stain. For red, rough, and chapped hands, dry, fissured, itching, feverish palms, and shapeless nails with painful finger ends, this treatment is most effective.

"What can I do," roared the fiery orator, "when I see our oppressors' hands at our throats strangling us, and the black clouds of hopelessness and despair gathering on the horizon to obliterate the golden sun of prosperity? What I ask, can I do?" "sit down!" shouted the audience.

\$100—REWARD—\$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. CHENEY & CO., Toledo, O.  
Sold by all Druggists, 75c.  
Take Hall's Family Pills for constipation.

Benevolent Lady (to showgirl)—And, dear child, have you no home? Showgirl—Yes, indeed. My father and mother have both married again, and I am welcome at either place.—Life.

Ask for Comedians and take no other.

A popular comedian, in a recent interview, candidly says that he failed in everything he attempted until he went on the stage. Ambitious young men who think they are comedians should not however, neglect their vocations to follow his example.

## CIGARETTES

TEN FOR TEN CENTS

### They Were Sold

A man engaged in buying a necktie for himself turned the pile over and over, and at last he picked two, as not worthy of consideration. The salesman picked out one of the rejected ties and placed it in a separate box. The buyer, according to the New York Sun, asked if the salesman had placed it there when he was looking at by mistake.

"Oh, no," was the response, "but we have others of that size and turn down a tie to take it out and put it aside."

"What becomes of them?" asked the other.

"We sell them to women who come in here to buy ties for men."

**A Pill that Proves Its Value.**—Those of weak stomachs will find strength in Paro's Vegetable Pills, because they serve to maintain the healthful action of the stomach and the liver, irregularities in which are most distressing. Dyspepsias are well acquainted with them and value them at their proper worth. They have a forced relief when other preparations have failed, and have effected cures in ailments of long standing where other remedies found unavailing.

### Easy Explained

Seymour—"I wonder why Foxley, when he goes out walking with his wife, always makes her keep at his left side?"

Ashley—"He's deaf on that side."

## WOES OF WOMANHOOD

### Weakness and Suffering Banished by Dr. Williams' Pink Pills

Dr. Williams' Pink Pills are good for women. They are good for boys and girls, but they are good in a special way for women. At special times when a woman needs medicine to enrich and regulate her blood supply, or her life will be one of suffering. There is no doubt that Dr. Williams' Pink Pills are worth their weight in gold, for they actually make new blood. There is no doubt that Dr. Williams' Pink Pills are not a boon to the woman of middle life who brings relief and bring her strength for her time of change. And there is no doubt that Dr. Williams' Pink Pills are a woman's life with the happiness of health, giving her strength and energy for every function. A woman's surest protection against all the ills that come from a weak blood is to set her blood right at once by a course of Dr. Williams' Pink Pills—and then I would like to say how much I suffered. I was tormented by headaches and backaches; my appetite and digestion were so bad that I was unable to do housework. I was constantly taking medicine, and I did not feel any better. One day a friend urged me to try Dr. Williams' Pink Pills, and I procured a course of them. By the time they were done I felt some improvement, and this encouraged me to continue the pills. My blood gained strength day by day, until after I had taken six or seven boxes, I was again well and strong, and I have since continued in the best of health. I can strongly recommend these Pills to all weak and suffering women.

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50. Dr. Williams' Medicine Co., Brockville, Ont.

Uncle Hiram—Come out and visit as some time about the time of husking beans.  
City Neighbor—Oh, you can't find me uncle. I may be green about the country, but I know braned well they don't husk beans.

**A Cure for Rheumatism.**—A painful and persistent form of rheumatism is caused by impurities in the blood, the result of defective action of the liver and kidneys. The blood becomes tainted by the introduction of uric acid, which causes much pain in the joints. I think of the sidewalk and when the magistrate heard the accusation, he turned to the prisoner and said:

"What is your nationality?"  
"I am a Swiss."  
"Swiss? Ah, in Switzerland has no searoots, has it?"  
"No, sir."  
"And no navy, either, eh?"  
"No, sir, no navy."  
"Very well, then; you are sentenced to two years at hard labor."

### No Army Nor Navy

Arnold Hollinger, the Swiss consul in Chicago, was discussing a very bad case of rheumatism.

"What would it not do," he said, "if America and England and Germany didn't keep it in order. Even as it is—"

Mr. Hollinger laughed, then resumed:

"A Swiss subject was arrested down there on some trifling charge—riding a bicycle, I think, on the sidewalk, and when the magistrate heard the accusation, he turned to the prisoner and said:

"What is your nationality?"  
"I am a Swiss."  
"Swiss? Ah, in Switzerland has no searoots, has it?"  
"No, sir."  
"And no navy, either, eh?"  
"No, sir, no navy."  
"Very well, then; you are sentenced to two years at hard labor."

## DR. SHEARD AND SMALLPOX.

Medical Health Officer Has No Fear of the Dread Disease.

It was not the insensibility of wealth that has made Dr. Sheard's figure stand out in his position as medical health officer of Toronto in sharp silhouette against the dark background of lobbyists and log rollers inside and outside of the City Council. It has been rather a certain strength that made itself known often in indifference to convention, but which could be traced in history after little acts of heroism and courtesy if followed by the careful eye. Dr. Sheard has never "winked" a salary increase for himself. But he fought tooth and nail for adequate remuneration for the underlings in his department—and every man who worked for him at the City Hall got a plump turkey as often as Christmas came round.

One bitter day in winter the health officer called on his rounds at the Smallpox Hospital. There had been a particularly virulent case of the disease, and the victim had died. The hospital staff at a time of short-handed, and there was nobody to lay the victim out—she was a woman—except a salary increase for himself. Dr. Sheard said that these two had been known from first raising the window in the vain hope of sterilizing the atmosphere by frigidify.

The two explained the situation to Dr. Sheard.

All right," said he. "It's a horrible job, but you've got \$15 a week. Leave it to me."

And he entered the death-chamber, straightened out her limbs and arranged her suit decently for burial. "It was part of the day's work," he said afterwards, quietly.

Smallpox has no personal terrors for Charles Sheard, M.D., but as a physician he dreads it above all other diseases. He has put up the most strenuous fight against it ever waged by any health officer, and Toronto's particular smallpox record is a lasting monument to his painstaking activity. Personally he is as indifferent to it as though it were "immune," but his reliance is based solely upon precautions. Charles Sheard's left arm from wrist to shoulder is a mass of tiny cicatrices—the marks of repeated self-vaccinations, for he practices what he preaches. At one time he counted forty-seven of these little scars, and while he must undoubtedly have become thoroughly inoculated against smallpox it is quite probable that having acquired the habit he will continue to protect himself yearly, at least till the end of his days.

### A Well-Known Entertainer.

The reports in the Montreal papers a few days ago of the death of Mr. George R. Prowse will recall to the minds of our readers the names of Canadians whose recollections go back as far as thirty years or so, the fact that in the late seventies and early eighties, Mr. Prowse held a very conspicuous place in Canada as an entertainer. His name, contributing to the amusement and education of Canadians was a powerful and elaborately equipped stage, and the operation of such a satisfactory apparatus that it was constantly in requisition. Mr. Prowse purchased his first lantern as an auxiliary to his Sunday School and Band of Hope work at St. George's Church, and from that time the machine so interesting and useful that he kept on acquiring improvements until he had the best time-lit lantern that money could buy. Then he and his apparatus were in constant demand at scientific institutions, schools, and religious and benevolent bodies. In his specialty, Mr. Prowse was one of the greatest lecturers of the age—Lord Rayleigh, Sir William Thompson (now Lord Kelvin), Paul du Chaillu, the African explorer; Greeley and Cheyne, the Arctic navigators; Sir William Dawson, Dr. Grant Bell, Sir Sanford Fleming, Lord Dole, etc., etc. Mr. Prowse and his machine were well known from Winnipeg to Halifax, and were frequently requisitioned by scientists and public men called upon to lecture in New York, Boston and Portland. There are few Canadians who have been privileged to contribute to anything like the same degree to the enlightenment and amusement of their fellow countrymen.

### Expectations More Than Fulfilled.

Lucille, a carefully brought up little girl of six years, returned from her first party in grief. "I was a good girl, mamma," she announced, "and talked nice all the time."

"Did you remember to say something pleasant to Mrs. Appleby just before leaving?" her mother asked.

"Oh, yes, I did," was the enthusiastic reply. "I smiled and said, 'I enjoyed myself very much. Mrs. Applegate. I had lots more to eat than I expected.'"

### Risen From the Ranks.

After all it is scarcely surprising that these elite, hard-headed men of the North should vote for men with whom they have lived and worked all their lives, and who, by their honesty and earnestness of purpose, have won their confidence. There is Mr. R. T. Taft, for instance, who was a west at Wigan, and who was born within three miles of that town. He started out in the mines at eleven years of age, rising to be check weighman at the Mansfield Colliery, near Wigan, and did good work in connection with the Miners' Federation, and now at forty finds himself in the House of Commons.

## Ravages of Consumption

ALL HER RELATIVES HAD DIED OF CONSUMPTION

In the year 1890, 18 years ago, Mrs. G. S. Carter, of Bellingham, N.S., was in a bad condition. All her relatives had died of consumption, and there was every indication that she was going the same way.

At this point her husband suggested trying P.Sychine. The doctor who attended Mrs. Carter was worthiness but it effected a wonderful cure. Eighteen years after in a letter bearing date August 14, 1908, Mrs. Carter says, "I am better than I have been for years. My lungs have not troubled me since I took your treatment. My physician told me I could not take a better tonic than P.Sychine, and I recommended it to all who are suffering from Lung Trouble and General Debility."

For sale by all Druggists, \$1.00 per bottle.

Dr. T. A. GLOUCESTER, LIMITED, TORONTO

WANTED—Eggs, butter and veal. Best cash prices paid. North end butcher shop. Ceaser & Johnston.

W. R. Vogel has secured some splendid post cards of the mill fire for sale at his studio. Mail orders filled promptly.

NOTICE—As I have sold my lumber yard all accounts owing me must be settled by June 15, at which date the books will be closed. D. C. Corbett.

C. Hiebert & Co. are offering Mr. Weber \$100 as bonus if he will rebuild the Maple Leaf Flour Mills. This offer is made without a string attached to it.

Remember the old place where you can get all kinds of good strong vegetable plants also bedding and house plants. I. E. Hallman, the gardener.

Mr. and Mrs. J. S. Slough left for their home at Granum, Alta., on Thursday after a visit of a few weeks duration to their daughter Mrs. J. A. Cooper.

R. Hollinger of Sunnyslope was elected to the office of Senior Grand Steward at the meeting of the Grand Lodge of Alberta Masons held in Calgary last week.

An exceedingly high wind was blowing on Wednesday which caused a little uneasiness about the ruins of the recent fire which is still burning fiercely underneath.

Rev. Mr. Black of Westcott, near Didsbury, has sold his farm, stock and implements to Mr. W. Hodson of B. C. Mr. Black and family intend leaving for Trail, B. C., the end of June.

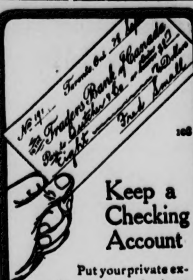

An Offer to New Settlers—We will give the Didsbury Pioneer and the Family Herald and Weekly Star for the balance of the year for 50c. Just think, one of the best western weekly papers and the best Canadian weekly for only 50c.

The flour still on hand will now be sold at a reduced price, and as there is only a limited quantity of the same we wish to get this stock cleared off immediately. Get our prices. I expect to have this flour centrally located in the town. M. Weber.

NOTICE—All members of Didsbury Camp No. 13863, Modern Woodmen of America, are requested to meet in Lodge rooms at 8 p. m. Monday night, June 6th on business of importance. Mr. Wm. R. Grant, Provincial Deputy, will attend. Visiting neighbors always welcome.

An advertisement appears on another page giving the running time of the new tri-weekly train from Calgary to Strathcona. No doubt this train will be of great service to the business men who have to go to Calgary and do not want to spend too much time in doing it. The new train starts on June 6th.

A Weaskiwin man has invented a rotary engine which it is claimed will revolutionize power conditions all over the world. It is claimed that one government has offered upon the successful working of a large test engine a bonus of two million dollars and will replace 14,000,000 h. p. of graving \$1.60 per h. p. for the same.

Put your private expenditures on a business basis, and pay your bills by checks on the Traders Bank.

Then you are never short of cash to make a payment demanded unexpectedly. Nor do you need to bother with receipts—your checks provide them automatically. There's a prestige, too, in paying by cheque, that is well worth while.

Maple Leaf Flour Mills Totally Destroyed by Fire.

(Continued from Page 1.)  
from the storehouse which contained a large surplus stock ready for the increased business which Mr. Weber expected this summer. In fact since the fire he has received orders for no less than three carloads, besides what orders he had on hand at the time of the fire. The elevators were not full although a considerable quantity of grain was being stored in them belonging to several different parties who will be well protected by insurance.

The insurance valuations are busy with saving the grain, but it will take some days before everything is adjusted when it is expected that preparations will be commenced at once for rebuilding the mills on a larger scale than before.

The fire was a grand sight while it lasted, flames and smoke shooting into the air at a furious rate and if the fire had occurred in the night it would have rivalled Halley's comet for brilliancy. Farmers fifteen and twenty miles distant saw the blaze.

All precautions were taken by the town Council after the fire to safeguard the town, special watchmen being put on the watch at night.

### Card of Thanks

To the General Public:  
I wish to take this means of thanking the public for the efforts they made in saving my property after the recent fire which I greatly appreciate. M. WEBER.
